## VARUN ACHANKUNJU

To be honest, As a student joining CadBim Center was a good drive for me. Because, it provides me a platform to attain more knowledge, skills and trained me with modern scenario in MEP fields with skilled faculties. Training was excellent and the sessions was great. The main advantage of cadbim center was the live project participation , which gave me a confidence to face challenges in working space. I totally recommend this institute for candidates who those are looking for an opportunity in BIM.
